

Tool Bars

Years of experience have taught us that one of the best ways to retail our products is with impactful in store displays.

Across all Carl Kammerling International brands we have a range of flexible units which can be used together to create bespoke systems to suit your needs.

Carl Kammerling
International

Modern retailing demands efficient, eye-catching point of sale material. We have a range of tool bars which can be mixed and matched to allow you to display our products most profitably. These are available free on loan to volume stockists. They remain the property of Carl Kammerling International and must be used to display C.K, Avit or Kasp products only.

Free standing

In many retail environments there are 'hot spots' which we can help you maximise with our free standing display solutions.

POS – material

We have a range of point of sale material available to help you draw attention to key lines or ranges.

Our customers are currently enjoying:

- Same day despatch
- 98% stock availability
- 24 hour online ordering

This is a selection of the range we have available.

Please ask your sales representative for more details.
