

Declaration of Compliance

Declaration in relation to the UK Plastic Packaging Tax (PPT), to be introduced in the UK with effect from 1 April 2022.

To whom it may concern:-

Carl Kammerling International Ltd confirm that all goods and packaging supplied to our UK Customers, have or will have all PPT liabilities paid either by our company, or its suppliers, and we hereby confirm that UK Customers shall not have any liabilities in respect of PPT arising from the provision of our goods and packaging.

In the event that a product supplied to customers contains 30% or more recycled content and is therefore not subject to a PPT payment, Carl Kammerling International Ltd will supply copies of any certification or audits as evidence to verify the claimed recycled content.

Where we are liable for PPT on a product supplied to UK customers, we will provide an annual PPT declaration statement confirming our continued compliance under the obligations as applicable to packaging tax paid in relation to our products.

Signed for and on behalf of Carl Kammerling International Ltd by:-

Ian Depledge,
Quality and Environment manager.
